As a reminder: Everything in the book of Revelation happens during our age of Grace before the resurrection of the martyrs. It is given in seven Seals. In Seal one through four is mostly trials we bring on ourselves. However in Seal seven the seven Trumpets sound. The first four Trumpets are warnings. In the fifth Trumpet we see one of three Woes. In the sixth Trumpet we see two of three Woes. In the seventh and last trumpet we see three of the three Woes, all of which have bled into the next event of destructions. In the last Woe we see the seven plagues of God's wrath.

Included in these seals we will find several inserts and descriptions of events to occur within their time slots. This ends the age as we know it.
